Our ref. DAMTEC black special and DAMTEC multi

Dear Sanjith.

Our DAMTEC black special and our DAMTEC multi are made of recycled rubber and polyurethane binder. The binder is new material and the content is approx. 10% content. The content of recycled material is approx. 90%.

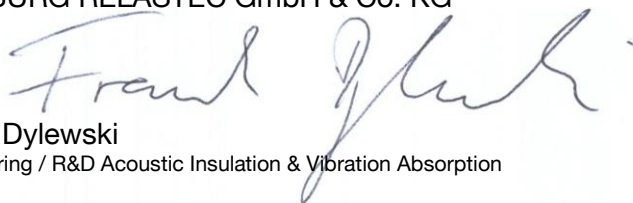

The recycled rubber is post-industrial material.

Don't hesitate to contact us for further information.

Best regards

KRAIBURG RELASTEC GmbH & Co. KG
